An affordable fleet management solution for business

Networkcar's® Networkfleet™ is the first truly integrated location and performance monitoring system for fleet management. Whether you operate a large or small fleet, Networkfleet™ is an effective yet affordable tool for managing your mobile assets. Our web-based interface gives you quick access to critical information about every aspect of your fleet.

Owned by The Reynolds and Reynolds Company (NYSE:REY), a billion-dollar company, Networkcar is the leading provider of around-the-clock services for monitoring the performance, location and security of consumer and fleet vehicles.

- ✓ **Web-Based**
- ✓ **Affordable**
- ✓ **Easy Installation**
- ✓ **Nationwide Coverage**

Automatic Vehicle Location (AVL) and Routing

Quickly access vehicle location online 24 hours a day, 7 days a week.

Networkfleet's™ easy to use online mapping interface gives you point-and-click access to your entire fleet and a window into the activities of each fleet vehicle. See where your vehicles have been, how long they stopped and how many miles they traveled. Locate vehicles closest to customer sites.

- Get GPS location updates every 2 minutes
- View map of entire fleet or individual vehicles
- View historical driving track
- Create a Geofence
- Find the vehicle closest to a street address
- Plot customer landmarks
- Get driving directions
- Reduce/eliminate unauthorized vehicle usage

Fleet Driving Summary by Vehicle:

Vehicle Identifier	Total Distance	Number of Stops
43-U1965348, Vehicle	52.0 miles	8
43-U2154883, Vehicle	23.1 miles	2
43-U8617609, Vehicle	67.8 miles	7
43-U8317821, Vehicle	14.8 miles	14
43-U4849528, Vehicle	43.3 miles	9
43-U3584848, Vehicle	35.2 miles	11
43-U1965763, Vehicle	44.9 miles	5
43-U2845761, Vehicle	57.3 miles	3
43-U8349572, Vehicle	61.1 miles	5
43-U6768214, Vehicle	20.8 miles	7
43-U6581245, Vehicle	19.5 miles	10

- Maximum speed
- Start/stop
- Begin/end of day report
- Idle time
- RPM

Reporting/Alerting

Increase driver productivity and optimize vehicle usage.

Networkfleet's™ reports and alerts allow you to easily monitor the performance of your vehicles and their drivers. Verify on-time service delivery, service delivered or quality of service. Address unauthorized mileage and document actual hours to reduce overtime.

How Networkfleet™ Works

Networkfleet™ is installed in each of your vehicles.

Each vehicle transmits information over a wireless network.

Vehicle diagnostics and location information are accessible through your secure fleet website.

PROBLEM ALERT NOTIFICATION

Last Update: 11/18/03 03:52 PM Vehicle Mileage: 31229

Dear Joe Smith,

Networkcar has detected a potential problem in your 2001 HONDA ACCORD (VIN AD5P98T297184824). Specifically, the Problem is year:

- P0440: Evaporative Emission Control System Malfunction**
Engine exhaust system may be releasing excessive hydrocarbons.

Engine exhaust system may be releasing excessive hydrocarbons.
Initial Activity: 10/11/03 09:45:30 PM at 30687 miles

Please contact Dutch Heads as soon as possible to discuss this problem.

[Click here](#) to go to your personal website and see a detailed description of this problem, schedule an appointment or see your vehicle records.

Remote Diagnostics

Reduce vehicle downtime and increase fuel efficiency.

With multiple patents surrounding remote vehicle diagnostics, Networkfleet™ is the only solution that automatically notifies you if one of your vehicles reports a diagnostic trouble code (DTC) or is due for normal maintenance. Reduce repair costs and downtime by catching problems early and eliminating manual processes.

- **Automated Meter Readings**
Access real-time vehicle mileage
- **Problem Alerts**
Get immediate DTC alerts via email when a problem is detected
- **Maintenance Reminders**
Receive mileage-based scheduled maintenance alerts via email
- **No-cost remote smog inspection program (CA)**
Reduce downtime and cost associated with physical testing

Safety and Security Services

Protect your vehicles in case of theft or breakdown.

When you install Networkfleet™ on your vehicles, you will receive nationwide stolen vehicle recovery and roadside assistance at no additional cost. Included services are towing, fuel delivery, locksmith, flat repair and battery boost.

- **Nationwide stolen vehicle recovery**
- **Complete roadside assistance package for light vehicles**
- **Insurance Discount (Anti-theft device)**
